## ADMINISTRATIVE FEATURES – FEATURE 115 – SPECIAL DESIGNATION

FEATURE 115 – SPECIAL DESIGNATION					
Roadway Side	Offsets	LRS Package	Feature Type	Interlocking	Secured
C	No	Yes	Length	No	Yes
Responsible Party for Data Collection		Central Office Coordination – The State Scenic Highway Coordinator (Production Support Office) will convey designation information to the Multimodal Data System Coordinator (TDA) who will determine the appropriate roadway IDs, the beginning and ending milepoints for the designated roadways. District Coordination – The District Planning data collectors and District Scenic Highway Coordinators will coordinate and advise Central Office on any differences and assist in ensuring the data accuracy.			

**Definition/Background:** Denotes the designation of the Florida Scenic Highway Program, which was developed in 1996 in accordance with **Section 335.093, F.S.** The program promotes the preservation, protection and enhancement of the cultural, historical, archeological, recreational, natural and scenic resources of designated Florida highways. For more information about the Florida Scenic Highway Program, please visit the website:

### SCENEHWY – SCENIC HIGHWAY DESIGNATION

HPMS	MIRE	Who/What uses this Information	Required For	Offset Direction	Offset Distance
N/A	N/A	Outdoor Advertising Office, Statewide Scenic Highway Coordinators, Public	All roadways designated as a scenic highway by the Production Support Office.	N/A	N/A

**How to Measure:** From the beginning milepoint to the ending milepoint of the designated roadway.

**Quality Check: Cross-Reference/Tolerance:** Verify the RCI milepoint limits and lengths are consistent with the limits denoted in the official designation letter.

**How to Gather this Data:** Each Florida scenic highway is accompanied by a Corridor Management Plan (CMP) or Byway Management Plan (BMP) prepared by a byway organization. The byway organization implements the CMP/BMP in partnership with FDOT and local partners. The State Scenic Highway Coordinator transmits a copy of the official letter of designation, which specifies the designated roadways and termini, to the Multimodal Data System Coordinator for scanning and maintaining in the Electronic Documentation Management System (EDMS) for historical purposes. This is applicable to both new designations and extensions of current designations.

**NOTE:** Posted signs display the limits of the scenic highway designation but may not always show its official designation name. Any questions regarding scenic highway designations should be directed to the State Scenic Highway Coordinator.

# RCI Features & Characteristics Handbook

## ADMINISTRATIVE FEATURES – FEATURE 115 – SPECIAL DESIGNATION

**Special Situations:** Some designations may exist on local roads. Designations may extend across multiple roadway IDs. Districts are to field verify the location of the milepoints, prepare and submit an LRS package to TDA to update the milepoints for this characteristic.

Codes	Scenic Highway Names	Codes	Scenic Highway Names
<b>A1AHB</b>	A1A Scenic & Historic Coastal Byway	<b>OFH</b>	Old Florida Heritage Highway

### SCENEDTE – SCENIC HIGHWAY DESIGNATION DATE

HPMS	MIRE	Who/What uses this Information	Required For	Offset Direction	Offset Distance
N/A	N/A	Outdoor Advertising Office, Public	All roadways designated as a scenic highway by the Production Management Office.	N/A	N/A

**Definition/Background:** Denotes the date the segment was designated on the signed designation letter. Additionally, some scenic highways have been extended to include more roadway segments. Each extension has a designation letter date.

**How to Gather:** Retrieve from the official signed letter.

**Quality Check: Cross-Reference/Tolerance:** Review and confirm the date is entered correctly in RCI for specified limits.

**How to Gather this Data:** The date of the scenic highway designation must come from the signed designation letter or the signed designation extension letter.

**Special Situations:** Existing scenic highways that do not have a SCENEDTE will only be updated once a signed letter is sent to the Multimodal Data System Coordinator.

**Value for Scenic Highway Designation Date: 8 Bytes:** MMDDYYYY    Example: 12012017 is December 1, 2017

## ADMINISTRATIVE FEATURES – FEATURE 115 – SPECIAL DESIGNATION

### SCENEEXT – SCENIC HIGHWAY DESIGNATION EXTENSION

HPMS	MIRE	Who/What uses this Information	Required For	Offset Direction	Offset Distance
N/A	N/A	Outdoor Advertising Office, Public	All roadways designated as a scenic highway by the Production Management Office.	N/A	N/A

**Definition/Background:** Denotes the original or extension number of the Scenic Highway Designation segment. Since the inception of this program, some of the scenic highways have been extended to include additional segments of roads. The extension occurs at a different date than the original designation.

**How to Gather:** The designated limits should correspond to the roadway ID milepoint limits. Districts will field verify the milepoints.

**Quality Check: Cross-Reference/Tolerance:** The designated map and designated limits will be reviewed to ensure they match.

**How to Gather this Data:** The State Scenic Highway Coordinator will identify which extension, if any, for the scenic highway designation.

**Special Situations:** Existing scenic highways that do not have a SCENEEXT will only be updated once a signed letter is sent to the Multimodal Data System Coordinator in TDA. Any new Scenic Highway Designation will receive a roadway ID number assignment. The Districts will work in tandem with the Multimodal Data System Coordinator to submit an LRS package to TDA for the roadway ID number assignment and approximate milepoints for the limits of the designation to be entered into RCI.

Codes	Descriptions
00	Original Designation
01	1st Extension
02	2nd Extension
03	3rd Extension
04	4th Extension
05	5th Extension
